

OUR PROSPECTUS

Our Vision

By the year 2030, Sky Blue Academy shall be a well renowned Professional Business School producing diversely qualified students by offering a wide range of professional qualifications for both local and international business market.

Our Mission

To achieve above average pass rates by delivering of quality lectures at lecture times most convenient to our students.

Our Values

Integrity: we are real

Passion: we are committed in hearts and minds.

Quality: what we do, we do well

Leadership: we have the courage to shape better future

Our Motto

"We bring light to your studies!"

Who Are We?

Sky Blue Academy is a Professional Accountancy School offering all Association of Certified Chartered Accountants (ACCA) papers for new, current and repeating students, employed, self employed and unemployed. With Sky Blue Academy, our students enjoy the following; their qualification quality is not in the hands of Sky Blue but in the hands of a global body of accountants, ACCA and Local Accounting Profession Regulator, Lesotho Institute of Accountants (LIA) and the qualification you get from us is globally recognized making it possible for you to work anywhere in the world you wish.

Sky Blue is only an ACCA tuition provider with exams and everything you need regarding the qualification being administered by LIA and ACCA hence why our students do not have to worry about qualification quality as almost everyone who is a Chartered Accountant in Lesotho, including Sky Blue lecturers, has the same qualification that you will be studying towards.

CAT / KM Bridging Course

This course is tailor made by Sky Blue Academy for students who did not do well in their High School exams but who have passion for accounting. It is also for students who have completed their studies a few years ago in fields related or not related to accounting who wants to get their minds ready for ACCA papers before committing themselves to ACCA Exams only to find that they should have gotten their minds ready first.

This course covers the fundamentals of Accounting, Mathematics, Economics, English language, Taxation, Motivation and Costing. This is essential to students as it helps prepare their minds for ACCA papers.

On top of giving students content that will be useful to help them do well in their ACCA studies, it also helps them judge their study strengths and weaknesses and thus enable to them to come up with study strategies that will help them do well in their studies.

This course is highly recommended even for students who qualify for direct admission but have had problems with numbers based subjects (Mathematics, Accounting, Physics).

Bridging Course Admission Requirements

COSC/ LGCSE / Matric with passes in any two subjects

What we do to help you achieve your dreams after ENROLLING with us.

After Enrolling

You can be a member of Sky Blue Cooperative Society, which is a cooperative owned and run willingly by Lecturers and Students. The cooperative funds small students businesses which they run in order to pay their fees and run their empires. The cooperative acts also as an institution where willing students can exercise the skills they are learning in class in the real world.

After completing CAT, GA / CA

The institution helps students find suitable jobs through its placement program. Internships in Audit firms, Sky Blue Office and other affiliated firms help prepare our students for bigger roles in the cooperate world.
